

1. As a resident of the Littleton community, K-LOVE makes me feel more positive and helps me focus on what's important. In this day, where negative messages are abound on airwaves and TV, this is a bright light in a dark world. Moreover, this radio station serves the community through the counseling of the pastors and reaches out to people with genuine care and concern.
2. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, there would be plenty of people who have fallen on deperate times who would not have the pastors and staff of K-LOVE to counsel them through these times. It's a free service to the community, and countless people each year are comforted and redirected in a positive way because of what is broadcast on this radio station.
3. The service provide by K-LOVE is in the public interest because it serves to counsel, encourage, and lift people up when life doesn't make sense. Every day there is more proof that life is scary and uncertain, so people are searching for a reason to keep living and something to hope in. Because of this radio station, many people come to know Jesus Christ as their Savior and their lives are enriched in a positive way. Please don't rob our community of this needed service.
